

About Barry Bolin

Barry Bolin is 44 yrs old and is married with a son. He lives in Gadsden. His work experience, education, and training have prepared him for the counseling ministry. He is a born again believer who has experienced a deep forgiveness and grace that was truly life changing. He approaches counseling from an Existential and Biblical perspective, with my Christian worldview at the core of everything. He believes in integrating theology and psychology because we are both spiritual and physical. He believes that prayer and the Lord's Holy Spirit offers comfort to those who are hurting and lets us know we are not alone in our problems.
